Dear Manish RAJURI

Requirement to provide personal identifiers (biometrics) for the purposes of section 40 of the *Migration Act 1958* (the Act) in regard to your Visitor (class FA) Visitor (Tourist) (subclass 600) visa application

In the following information, when we say 'you' we mean all applicants listed below.

Offshore visa applicants in selected overseas locations need to provide personal identifiers in the form of fingerprint scans and a digital facial photograph.

Under section 257A and for the purposes of section 40 of the Migration Act, I require each applicant listed in the table(s) below to provide personal identifiers in the form of fingerprint scans and/or a digital photograph of their face and shoulders by attending a Visa Application Centre or Biometrics Collection Centre within 14 days after you are taken to have received this letter.

The only fingerprint scans and facial photographs that will be accepted are those taken by staff at a Visa Application Centre or Biometrics Collection Centre.

If you have been required by a delegate to provide your personal identifiers under section 257A of the Migration Act, and you do not comply with the requirement, nor has the

requirement been withdrawn, then your visa application must be refused under section 65 of the Migration Act because the grant of a visa is prevented under section 40 of the Migration Act.

Providing personal identifiers

In order to provide personal identifiers, all applicants listed above need to attend a Visa Application Centre or Biometrics Collection Centre in person with this letter and a current passport for each applicant. You should make an appointment prior to attending the Visa Application Centre or Biometrics Collection Centre.

The address and contact details of your nearest Visa Application Centre or Biometrics Collection Centre are available at immi.homeaffairs.gov.au/help-support/meeting-our-requirements/biometrics

You should provide your personal identifiers before you travel to Australia. If any of the applicants listed above are unable to provide their personal identifiers for any reason, contact the office processing your application as soon as possible.

Biometrics provision for minors

The following arrangements regarding minors (applicants under 18 years of age) included in the application. Depending on the age of the minor(s) at the date of biometrics collection, the following biometrics provision guidelines apply:

- minors aged less than five years may be required to provide a photograph of their face and shoulders only; and
- minors aged five years and over but less than 18 years may be required to provide their fingerprints and a photograph of their face and shoulders.

Minor applicants are required to provide personal identifiers in the form of fingerprint scans and/or a digital photograph of their face and shoulders (depending on the age of the minor as described above) by attending a Visa Application Centre or Biometrics Collection Centre within 14 days after you are taken to have received this letter.

Under Policy, the presence of a parent or guardian is required before personal identifiers are collected from minors aged less than 16 years.

Biometrics provision for incapable persons

If someone included in this application is an 'incapable person' contact this office.

An 'incapable person' means a person who does not have legal capacity to understand the significance of a requirement to provide a personal identifier; this includes the general nature and effect of, and purpose of, a requirement to provide a personal identifier. For example,

someone with an intellectual disability. Evidence may need to be provided that they are considered an 'incapable person'.

The following arrangements apply to 'incapable persons':

- a photograph of their face and shoulders only will be taken.

Under policy, the presence of a parent or guardian is required before personal identifiers of incapable persons are collected.

Processing your application

While every effort is made to process visa applications as quickly as possible, until all applicants listed above have provided personal identifiers this application may not be finalised.

The provision of personal identifiers is only one of several stages in the visa assessment process. As I have required you to provide personal identifiers, compliance with this requirement will assist us to process your application as quickly as possible.

Additional Information

Since 5 May 2014, applicants who have spent 28 days or more in one or any combination of countries listed under the Endemic and Outbreak categories on the Global Polio Eradication website must provide a current polio vaccination certificate. This is in response to the World Health Organization's declaration of a Public Health Emergency of International Concern, noting outbreaks of polio in these countries.

If you have not yet provided the Department with a current certificate of vaccination against polio with your visa application, you should bring the certificate to your biometrics appointment. If you do not provide the vaccination certificate, the processing of your application may be unnecessarily delayed.

More information and a link to the list of countries is available on our website immi.homeaffairs.gov.au/help-support/meeting-our-requirements/health/threats-to-public-health#content-index-3
